Join online Soft Landing program!

Soft Landing in Estonia is an online program for **early stage European startups in cultural and creative industries** (CCI). The aim is to introduce Estonian startup landscape, accelerate early stage business growth, provide access to relevant connections in Estonia. Program is hosted by Tallinn Creative Incubator, which has been operating since 2006 and has contributed to the development of more than 350 design and tech companies.

When & where? August 24th - 28th 2020, online

Program includes:

- Introduction about doing business in Estonia, e-Estonia Showroom – e-Governance, business and finance, industry digitalisation, startup environment
- Mentoring session on business model, pitching, legal framework, go to market strategy
- Access to Latitude59 conference

Apply here!

Application deadline is July 13. Acceptance confirmation is provided by the end of July. Participation is limited up to 10 startups and max 3 team members per startup.
